Applicant Name: NPL Construction Co.

Address: 6100 Columbia Park Road # B City: Landover Zip Code: 20785

Primary Contact Name: Cody Webb

Phone Number: 571-383-7048 E-mail Address: cwebb@gonpl.com

Noise Source Information

Location of noise source or activity for which the waiver is requested:

Intersection of Old Georgetown Road and Executive Blvd in Rockville, MD

Description of noise source or activity that will create the noise:

There will be saw cutting and backhoe operating

Date(s) and time(s) for which the waiver is requested:

(for example: 9:00 pm, May 1, 2010 to 7:00 am, May 2, 2010)

9:00 p.m., Jan. 28, 2019 to 5:00 a.m., Feb. 28, 2019

Justification for Requesting a Temporary Waiver

Why is a Temporary Noise Waiver being requested?

For the installation of 4", 6" and 12" gas main to supply the buildings in the vicinity of the intersection of Old Georgetown Rd and Executive Blvd. A part of this project includes relocating the gas main for the reconstruction of the intersection. The MD State Highway Administration is requesting that we do our utility work at night because of the heavily traveled intersection at Old Georgetown Rd and Executive Blvd.

How will the public benefit if a Temporary Noise Waiver is issued?

The MD State Highway Administration is requesting that we complete the part of this work that directly negatively impacts the traffic flow at this intersection during nighttime hours in order to minimize the impact. The public/community will benefit from this being done as night work by reducing the backup of said traffic, and thereby greatly reducing risk to the workers, motorists and pedestrians.

If a Temporary Noise Waiver is issued, DEP may set conditions on the applicant. Describe the steps that have been taken or will be taken to reduce the level or duration of the noise for which the waiver is requested:

We will do as much of the noisiest work during the day or earlier in the evening to try to minimize disturbance. We are prepared to address any additional questions or concerns the DEP may have before or during the installation process.
